

BERINBA BULLETIN

REMINDER

Berinba is an allergy aware school

We value being: *Respectful, Responsible and Safe*

We acknowledge the traditional custodians of this land, the Wiradjuri and Ngunnawal nations, and pay our respects to Elders past, present and future

Principals Report Term 3 Week 2

Berinba Public School has had a very smooth start to semester two. There have been limited changes to our guidelines around COVID-19 and students, parents and staff have continued to be understanding and positive working within the constraints that are necessary.

As a reminder, I would ask parents and carers to drop and collect students from the gate closest to their classroom. Equally, we need to remain aware of social distancing at these locations. If you need to be on site, all visitors must enter and sign in through the front office.

Our advice remains unchanged regarding students who are unwell. If students are unwell the expectation is that they will not attend school. Please also inform the school if students have attended a known "hot spots" or have required a COVID-19 test. A reminder that following testing a period of isolation is required until the result is known.

It is through everyone's vigilance and awareness that we can contribute to ensuring, as best we can, to student learning remaining as "normal" as possible.

On a more positive note, I would like to welcome Mrs Clare Harding into our school as canteen manager. I am sure I speak for everyone in wishing Clare a smooth transition into our wonderful school and I know she will be welcomed and supported by our school community.

Food for thought!

A Shared Aspiration for All Students.

Every school is unique, but they are all connected by a shared aspiration: that all students have an educational experience that prepares them for success in life. Now more than ever, that experience must not only provide for the acquisition of fundamental skills, but it must also be more intentional about fostering critical thinking, communication, collaboration, creativity, and other 21st century skills that our young people need to navigate this complex, rapidly changing world.
