

BERINBA BULLETIN

REMINDER
Berinba is an allergy
aware school

We value being: *Respectful, Responsible and Safe*

We acknowledge the traditional custodians of this land, the Wiradjuri and Ngunnawal nations, and pay our respects to Elders past, present and future

Principal's Report

This week is School Administrative and Support Staff (SASS) Recognition Week. A time to acknowledge, recognise and thank all of our administrative and support staff. Without the great work that happens in the front office, the commitment and dedication of our Learning and Support Officers in classrooms and the challenging work keeping Berinba PS "looking good", our school would be a poorer place. Thank you to all SASS for the work you do in providing a positive and caring learning environment for all of our students!

A few of our fabulous SASS staff

Over the past few weeks, even with the changes to our guidelines, Berinba Public School has been a hive of activity. As I have been moving around our school, I am amazed at the enthusiasm and commitment our students are demonstrating. From Kinder to Year 6 it is wonderful to witness so many students keen to talk about and show the great things they are working on.

A reminder to our parents with students for next year's kinder, at present, we are unable to run our regular transition program. Information packs are available through the front office and staff are available to discuss any concerns regarding enrolment. If there are changes to our operational guidelines later in the year we may be able to schedule on-site visits.

Take care

Phill Katen

Refill your water bottle during
the day at school if needed

**CORONAVIRUS (COVID-19)
RESTRICTIONS REMAIN IN PLACE**

**Please do not drink directly from
drinking fountains.**

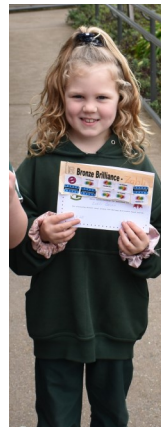

Students should bring their own
water bottle for use at school.
Taps may be used to refill
water bottle.

Uniform shop opened at Berinba Friday mornings 9am

Award Recipients

Satellite Selfie – National Science Week 2020

During National Science Week (August 15-23), a satellite flew over the ACT and surrounding areas and captured an image of Canberra, Yass and the people in it to create a time-capsule image of Australia's Capital from above. This was a unique opportunity to get out there, strike a pose, and be part of history.
